*This course satisfies the classroom portion of the OSHA certification for forklift or staddlelift operators. To complete the OSHA certification, students must also complete and pass a drivers test on their own facilities equipment. Visit www.osha.gov for more information on the drivers test and certification. This course is NOT hands on; it is only the classroom portion of the training.

**Make checks payable to ABBRA, and send to
ABBRA, 50 Water Street, Warren, RI 02885**

Your reservations will be confirmed promptly. Please call 401-247-0318 with any questions.
