ABBRA ROUNDTABLES

ABBRA roundtables offer a chance for similar marinas, boatyards, and boat building and repair businesses to discuss common problems and solutions within the marine industry. These frank discussions between boatyards and marinas provide excellent networking opportunities and are extremely valuable for working toward solving common issues.

SPECIAL GUEST SPEAKER

The Bristol Marine roundtable on June 29 will include special guest speaker, Robert Driscoll, to address the effect of health care reform on small businesses in the recreational boating industry.

Robert Driscoll is a graduate of the University of Rhode Island, has worked for several large insurance companies and also owned and operated an insurance agency in Wickford, Rhode Island, for nearly a decade. For the past 10 years Driscoll has worked for National Employee Benefit Companies (NEBCO), which is now the benefits division of American Wholesale Insurance Group (AMWINS). AMWINS is the second largest wholesale brokerage in the United States. Driscoll's area of expertise is small group medical insurance where he oversees a group comprised primarily of members of various Rhode Island Chambers of Commerce.
